Mercedes Benz AG.
Stuttgart, Germany

To whom it may concern:

I have been working together with Omar for the past 4 months. He is currently a Data Scientist Intern at the Supply Chain Data Science Team at Mercedes Benz. We develop data science solutions for the Inbound, Outbound and Intralogistics Supply Chain.

Omar not only stands out for his programming skills and statistical approach at finding solutions but also for his communication skills at connecting with the end customer to create customer-centric solutions. His current work focuses on the development of a data science solution in the Outbound Logistics.

During his work, Omar has been efficient, professional, organized, highly motivated, fast learner and hard worker. Therefore, I can highly recommend him for the position at your company.

Please feel free to contact me if you have any questions about Omar.

Sincerely,

A handwritten signature in black ink, appearing to read 'John A. Torres' with a stylized flourish at the end.
